Performance Test::

Stallion Hilbrand 525 joined the Central Examination as a 3-year-old. Especially in the beginning he struggled a bit with the work. He was easily distracted and came across as slightly phlegmatic.

As the test progressed this strongly improved. Particularly in the in-harness work Hilbrand 525 is light-footed, pleasant and good to train.

Trainingsrapport:

Walk: In walk Hilbrand 525 moves with scope and good rhythm. He walks well through the body and stays very rhythmic in the transition from walk to trot.

Trot: The stallion trots with good scope and a foreleg that reaches well forward. He still needs to develop a little more swiftness from the hind leg and therefore struggles a bit with moving in a closed outline. The stallion moves with good looseness in the body.

Canter: Hilbrand 525 canters with ground-covering strides and satisfactory uphill outline. His canter would benefit from a little more light-footedness.

Riding horse aptitude:

Hilbrand 525 has satisfactory aptitude for riding horse, a discipline in which his roomy, rhythmic walk catches the eye. In ridden work he finds it a bit difficult to move in a closed outline, but he moves with good suppleness and good use of the body. Hilbrand 525 has a tendency to be a bit phlegmatic.

In-harness aptitude:

Hilbrand 525 is a pleasant horse who responds well to training. He has a walk with good scope and he moves strongly forward from the hind leg, relaxing well through the back. The stallion has an active trot with good suppleness. Transitions forward within the pace come easy to him and he willingly follows the driver's hand. As a showdriving horse the stallion should rise more in the withers and display a sharper use of the hind leg. Hilbrand 525 responds well and alert to the driver's aids.

Findings Performance Test::

Hilbrand 525 is a good and all-round utility horse with a walk that stands out for its good rhythm. The stallion's work ethics and trainability in the in-harness part of the Central Examination are very positive.

Dam line:

Sjoukje B. Star AA (Alwin 469) is Hilbrand 525's dam, he is her first offspring. Sjoukje has completed an ABFP Test and received high scores for her good walk, suppleness and impulsion. The granddam is a Star mare by Haitse 425, followed by a Star Preferent AA daughter of Lettert 306, followed by a Star Preferent Performance mare by Reitse 272 and a Star Preferent mare by Naen 264. Both dam and granddam are mares with good size.

Final conclusion: :

Hilbrand 525 is a stallion with a proportionate build and good breed expression. He is an all-round horse and he scores highest on aptitude for driven work. On the basis of the above data the stallion Hinne B. is registered in the Studbook for stallions under the name of Hilbrand 525.

Advice:

Hilbrand 525 is expected to improve proportionate build and croup length. He can have a positive influence on scope and activity of the walk.
