## Observations stable manager, riders and drivers:

Nisse 544 is a friendly and affectionate stallion, very people-minded but a little shy. He is inquisitive, happy and keen to work. The stallion shows great zest for work, reacts sharply to the aids and gives rider and driver a good feeling.

### Central Examination:

Nisse 544 completed the Central Examination at the age of four. His musculature has increased during the examination, he was keen to work and performances were constant. The stallion was praised by riders and drivers as a pleasant, hardworking horse.

### Training report:

**Walk:** Nisse's walk shows satisfactory scope and rhythm. The foreleg should be placed a bit more forward.

**Trot:** He presents satisfactory posture in trot but must learn to move in a slightly more uphill outline. The stallion displays lots of use of the body and suppleness. The foreleg has good forward reach, the hind leg shows ample flexion and is placed well forward under the body.

**Canter:** The stallion has a roomy canter, but he needs to develop a bit more alacrity and a more uphill frame.

### Riding horse aptitude:

Nisse 544 has satisfactory aptitude as a riding horse. He has three good basic gaits with lots of suppleness and use of the body. He is eager to work and is reliable.

### Driving horse aptitude

Nisse 544 has a lot of aptitude for driving horse. The walk needs to become a little more established, especially in the foreleg. The trot is roomy with good self-carriage and use of the body, but the stallion must develop a more uphill outline. As a showdriving horse he has satisfactory front with lots of action in the foreleg, but he should move with slightly more bend in the hind leg.

**Test results riding test:**

Walk	Trot	Canter	Balance & posture	Suppleness	Transitions	Impulsion	Total
7.5	7.5	7.0	7.5	7.0	7.0	7.5	80.5

**Test results driving test:**

Walk	Trot	Balance & posture	Suppleness	Transitions	Impulsion	Total
7.0	7.5	7.5	7.5	7.5	8.0	82.5

**Test results showdriving test:**

Use foreleg	Use hind leg	Suspension	Posture	Front	Suppleness	Impulsion	Total	
8.0	7.0	7.5	7.0	7.0	7.5	8.0	82.0	

**Conclusions Central Examination:**

Nisse 544 has successfully completed the Central Examination.

He is a pleasant, hardworking stallion who gives his rider and driver a fine feeling. He possesses three good gaits but must learn to move in a more uphill frame. The stallion demonstrates good use of the body and suppleness as well as a good mentality.

## Dam report

Els F.T. Crown Sport Preferent Performance AAA is now a 23-year-old mare and is enjoying her well-deserved retirement in her breeder's yard. The mare has proven herself in breeding by bringing seventeen offspring into the world, with eleven being Star or higher. This makes her double Preferent and just one offspring short for triple Preferent, so a Crown Jewel. The rest of the dam line too sports predominantly Preferent blood, for at least eight generations back.

Els is a fit 23-year-old mare, greying a little in the face but she is in good condition. The mare is still very fertile and is used for embryo transfer, which is proof of her durability. The mare is still active and mentally sharp. Her offspring in the yard all showed a lot of breed expression. Els F.T. is a mare who has proven herself in all facets. Her offspring have also proven themselves in the sport with four Sport- and two Sport Elite predicates. Els F.T. is the 3<sup>rd</sup> dam of KFPS Studbook stallion Kanne 534.

## Final conclusion

Nisse 544 is a stallion with very good mentality; he is eager to work and has good basic gaits. He scores well in all three disciplines, which makes him an all-round sport horse. He comes from a reliable and predicate-rich dam line with many Sport offspring.

### Advice for use:

Nisse 544 is expected to improve mentality, zest for work and use of the body. He stems from a predicate-rich dam line with sport embedded in it and with his low kinship he can boost variation in bloodlines. The stallion is best used on mares with a slightly tight top line.
